

Dressing Rooms

dressing rooms

Policy & Procedure

Dressing Rooms need to be checked hourly for items left on the floor, bench, etc.

Be sure to clean the mirrors and sweep/vacuum as needed.

Door handles are to be sanitized in your hourly cleaning schedule.

Return items left in the Dressing Room go to the proper racks on an hourly basis.

Look for lights out and replace them as needed.

When the opportunity arises, approach a customer, and ask them if everything fits okay. Encourage them to have a little fashion show. Many times, they are unsure if something looks right on them and would love someone's opinion. Be honest, yet kind.
